8. Open Forum/ Discussion
Discussion at the ASC Table

Literature float – is it possible to reduce the float?

We need to keep the float to have enough of the basic necessities on hand so that we don't run out and have things on back order because that takes time and potentially newcomers would have to go without basic items such as white key tags and basic texts ect.

The bigger the order the bigger the discount from WSO which results in free items which in turn pays for the shipping.

This was just an informational discussion and all questions were answered

Storage for the literature

Lorne has looked into prices – discounts for signing lease. Looking at \$100-\$150 per month depending on size with three months free and 7% discounts with signing a one year lease. Currently we are not paying for storage at the house for literature. The church is not willing to keep storing our literature.

Dual positions – one member acting in conflicting positions? Holding a GSR and administration positions.

The conflict is one is supposed to guide and one is to learn.

We have several positions open and the more a member is willing to do the better. There is not really a conflict between GSR positions and administration positions.

Take back to groups for discussion.
